

Bechtel Enterprises

"Bechtel Enterprises selected GoodLink™ because its zero desktop software architecture dramatically reduces our deployment costs by eliminating expensive IT visits to user desktops."

Alberto Hernandez, Information Systems Manager, Bechtel Enterprises, Inc.

Google

"Good Technology delivers the best wireless email solution on the market. Good's server-based software saves our IT department many hours of deployment and maintenance work."

Jonathan Rosenberg, Vice President of Product Management, Google

Host Marriott

"We switched from BlackBerry™ to GoodLink because it was a better wireless messaging system with lower total cost of ownership. It was a win-win situation: we reduced our IT department's workload dramatically with the server-based install, and our users are very happy with their new, truly wireless, cradle-free devices."

Jules Sieburgh, SVP and CTO, Host Marriott.

Wilmington Trust

"GoodLink is easy to use and we've saved time and money with GoodLink's zero desktop installation."

Bill Farrell, CIO, Wilmington Trust

Major enterprises endorse GoodLink™

O'Melveny & Myers

"At O'Melveny & Myers, we are rolling out GoodLink to 50-60 attorneys a day. We are able to provision the devices efficiently and get them into users' hands within 15-20 minutes."

Mark Samuels, Chair, O'Melveny & Myers Technology Committee

Spencer Stuart

"Since replacing our BlackBerries with GoodLink devices, we've saved a significant amount of time and money on IT administration and support. The entire package made the decision to migrate from BlackBerry to GoodLink an obvious one."

Rick Abel, CTO, Spencer Stuart

McGraw Hill

"McGraw Hill Education required a cost-effective wireless email solution that delivered immediate productivity benefits to our employees, without lengthy implementation time, high costs or heavy user training."

John Bell, Director of Technology Operations, McGraw Hill

Liz Claiborne

"Good Technology's always up-to-date wireless handhelds have become the standard for Liz Claiborne Inc.'s key mobile users because the product increases productivity and reduces costs."

John Kovac, Vice President, Information Technology, Liz Claiborne Inc.

Wilson Sonsini Goodrich & Rosati

"We made the decision to switch our existing BlackBerry users to GoodLink."

Phillip Hoare, CIO, Wilson Sonsini Goodrich & Rosati

Electronic Arts

"GoodLink is always up to date with all of Microsoft Outlook so our mobile workers only have to touch information once, a high productivity boost over Electronic Arts' current tools."

Marc West, CIO, Electronic Arts
